PRIMARY MESSAGE

About Us

Message (Ex: My name is Terry and I am a freelance business consultant. In short, here is what I do. I understand very well that small businesses in South Africa find it very difficult to grow in the current economic climate. To survive, they need to increase their profits. The reality is that they can only do this by either attracting a steady flow of new customers, cutting costs, or increasing their products or service prices. My job is to help and advise them on ways to attract a brand new flow of customers. One of the ways I help small businesses to do this is to give them Local Online Exposure in a very special and attractive way. I would love to help you. Please contact me for more information.)

2 of 3 FAQ Questions

Question (Ex: What Then?)

Answer – short (maximum 3-lines) (Ex: Once I understand your needs, I will make a few suggestions to you on what I think should be our first steps and action plan. 3 of 3 FAQ Questions

Question (Ex: What Is Next?)

Answer – short (maximum 3-lines) (Ex: I hope that you will like what I do for your business in this first phase and I will try to make sure you see immediate results. We can then move to the next phase on the same basis until all the goals we have set for your business are achieved.)
